

(This document is intended only as a general overview. Please confirm specific requirements with your state dental board).

References

Alabama: Up to 50% of the total CEs required can be completed via webinars.

California: Must limit their use of non-classroom courses to 50% of their requirements (25 for hygienist – 12.5 hours only). Classroom vs. live and interactive (pre-recorded wouldn't count towards live credits, would be correspondence).

Colorado: 50% of the required hours must be live and interactive.

Connecticut: No more than 4 hours of continuing education may be earned through online courses.

Washington D.C.: The board allows dental hygienists to take 8 of the 15 hours online.

Indiana: Of the 19 hours required, 50% of them must be in live presentations.

Iowa: Limited to 12 hours biennium online.

Louisiana: 8 hours can be online / correspondence courses that require a written test at the completion of the course.

Maine: No more than 10 "Category 2" credit hours.

Massachusetts: May earn up to 10 hours online and need to pass the post-test.

Nebraska: Up to 10 credit hours may be completed online, interactive and "type-in" questions and answers are counted as regular CE.

New Hampshire: Up to 30% of total hours.

New Jersey: Up to a maximum of 10 hours.

New Mexico: Up to a maximum of 30 hours.

New York: Not considered live but can complete 10 hours that are not live courses.

Oklahoma: Allowed for 50% of CE (designated as Category C).

South Carolina: Previously recorded webinars would be considered distance education. Up to 7 CE credits can be completed by distance education.

Tennessee: Up to a maximum of 15 hours.

West Virginia: Webinars count as "supervised self-instruction".
