**Licensure by Credential:** States may use the terms; "licensure by endorsement," "licensure by criteria approval," or "reciprocity" to mean provisions in the law that allow out of state licensees to be licensed without a clinical examination.

**Years of Practice:** Refers to active practice requirements in the year(s) immediately preceding licensure by credential application.

**Special Requirements:** Requirements that are in addition to graduation from an accredited dental hygiene program, passing the Joint Commission on National Boards Dental Hygiene Examination, and proof that the applicant has a license in good standing in another state. (Most states will require licensure applicants to pass a Jurisprudence exam on the laws governing the practice of dental hygiene in that state. Contact state licensing agency for application forms and fee information.)

**Temporary, Teacher, Inactive or Retired License:** Special licenses often have specific time-limits, restrictions, or additional requirements. Contact the state licensing agency for information.

**Source:** State statutes and rules/information from state licensing authorities.
